

To our members,

We are learning about the COVID-19 like everyone else, trying to filter the news, understanding how it can impact the world, our employees, and our members, and how to make adjustments to our lodge to protect everyone's safety. At the end of the day, that is our #1 concern, to ensure that our members and our employees are safe.

So far we've made these changes.

1. We upped the cleaning in our general areas as well as the bocce courts.
2. We spray down outside and inside door handles and as well as railings bathrooms etc. with a bleach disinfectant daily
3. We are following the CDC recommendations on how to keep everyone safe.
4. All courts have disinfectant spray bottles and clean clothes to clean bocce balls.

If you so choose you can wear a thin latex or similar material glove when playing. Home Depot sells painters gloves in the paint section department on their stores. Also most department stores sell thin gloves. Again that is your choice.

We put in place a committee to determine possibly rescheduling upcoming Lodge 902 events. Please check your emails, website and text messages for updates. We thank you all for helping us during these challenging times but keep in mind your safety is our #1 priority.

Your truly,

Ralph Bagarella

President Sons of Italy, Methuen Lodge 902
